

Jong Shin Yoo, Ph.D.

Position : Principal Investigator
Department : Biomedical Omics Division
Affiliation : Korea Basic Science Institute
Office : 010-8824-3410
E-mail : jongshin@kbsi.re.kr
Homepage : www.kbsi.re.kr

Education

1986. 9 - 1991.2	Ph.D.	Michigan State University
1980. 3 - 1982.2	M.S.	Korea Advanced Institute of Science & Technology
1976. 3 - 1980.2.	B.S.	Yonsei University

Professional Experience

1993. 9 - present	Researcher	Korea Basic Science Institute
2009. 3- present	Adjunct Professor	Graduate School of Analytical Science and Technology at Chungnam National University
1991. 3- 1993.8.	Postdoc	Harvard School of Public Health
1982. 3- 1986.8	Researcher	Korea Advanced Energy Research Institute

Academic Society

2008. 1 - 2009.12	President	Korea Human Proteome Organization
2006. 1 - 2007.12	President	Korea Society of Mass Spectrometry
2018. 1 - present	Council Member	Human Proteome Organization
2013. 1 - 2015.12	Editorial Ad. Board	Journal of Proteome Research

Publications

Kim KH, Lee SY, Hwang H, Lee JY, Ji ES, An HJ, Kim JY, Yoo JS. Direct Monitoring of Fucosylated Glycopeptides of Alpha-Fetoprotein in Human Serum for Early Hepatocellular Carcinoma by Liquid Chromatography-Tandem Mass Spectrometry with Immunoprecipitation. *Proteomics Clin Appl.* 2018 Nov;12(6):e1800062. doi: 10.1002/prca.201800062.

Hwang H, Park GW, Park JY, Lee HK, Lee JY, Jeong JE, Park SR, Yates JR 3rd, Kwon KH, Park YM, Lee HJ, Paik YK, Kim JY, Yoo JS. Next Generation Proteomic Pipeline for Chromosome-Based Proteomic Research Using NeXtProt and GENCODE Databases. *J Proteome Res.* 2017 Dec 1;16(12):4425-4434.
